

NEW YORK LIFE TO GIVE LIST OF POLICY-HOLDERS

Untermeyer, for Committee, Scolds, but Accepts Offer.

Samuel Untermeyer, counsel for the International Policy-Holders' Committee, to-day sent a long letter to Thomas A. Buckner, Vice-President of the New York Life Insurance Company, in reply to the latter's offer made to Richard Olney, Chairman of the Policy-Holders' Committee, to furnish to him the complete list of policy-holders.

Mr. Untermeyer gives a full history of the unsuccessful effort of the committee to get the list through President Orr, and quotes liberally from the correspondence from March 1 to date, and then says:

"You will observe from the outset, covering a period of four months, your company baffled and refused every effort on our part to induce you to have a copy of the lists made, deliverable to us after they were filed, although we offered to pay the expense and not to permit copies of them to be made, and to return them to you."

"We were finally forced, as you know, to contract for the copying of the lists at Aliffey under great difficulty." He details some of the difficulties met and says the New York Life's offer is made only after "all our expenses were incurred and it was evident that the efforts to defeat us in getting the lists would fail."

Then he closes:

"We therefore accept the proposal contained in your letter to Mr. Olney under the conditions therein stated—conditions to which we have at all times expressed ourselves as willing to agree."

Mr. Buckner acknowledged the receipt of the letter by telephone, and later in conversation with Mr. Untermeyer said that whatever differences may have existed heretofore the company is now anxious to work in harmony with the policy-holders committee.

PARIS, July 20.—John D. Rockefeller sailed, late to-day, for New York on the Hamburg-American line steamer America. On leaving Paris he received a private car attached to the special steamer train, and was accompanied by his physician and members of his family.

Mr. Rockefeller declined to discuss the announcement of legal proceedings against him which are awaiting his arrival in the United States.

STILLMAN SHOWS SIGNS OF RECOVERY.

LISIUX, France, July 20.—The doctors, including Dr. Magnin, of Paris, who are in attendance upon Thomas E. Stillman, the New York lawyer, who was injured in an automobile accident near here July 18, held a consultation to-day and found that the fever had diminished, that the patient slept reasonably calm night and that the evidences of mental shock were abating.

The Macmillan left for Paris later, not considering Mr. Stillman's condition to be critical.

PARIS, July 20.—Miss Buchanan, daughter of Thomas E. Stillman, telephoned to the Associated Press to-morrow to-day that her father's condition was serious, but not critical.

"First Aid" to the Bowels

WEN Heartburn, Sour Stomach, Headache, Bad Breath, coated Tongue, Belching of Stomach, Gas, or any of those forewarnings of indigestion appear, Old Dr. Cascaret wants to be right on the spot in your pocket.

Dr. Cascaret guarantees to cure the most obstinate cases of Constipation and Indigestion without discomfort or inconvenience.

His medicine does not grip nor purge, but exercises naturally the muscles that line the walls of the intestines and bowels.

Want of Exercise weakens and relaxes the Bowel-Muscles, just as it weakens Arm and Leg muscles.

Old Dr. Cascaret goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake up a lazy person.

Then he works them (through the nerves) till they get so strong from that exercise that they don't need any more help to do their duty.

Heavy dinners, late suppers, whiskey, wine or beer drinking; nervous excitement, sudden exposure to cold or heat and a dozen other everyday likelihoods tire the Bowel-Muscles.

In such cases a little Cascaret in time is worth fifty dollars worth of treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Little thin Cascaret Box, shaped so you won't notice its presence in purse or vest-pocket.

Contains six Candy tablets—Price Ten Cents a box at any Druggist's.

Upon the promenade deck walking he makes an approaching and asks me if I know his brother, in the sausage business in Minneapolis. I say, "Ach doner never very polite, like that, and then this head-on regards me with a suspiciousness and says that it is strange I do not know his brother, for he is in very large sausage factory."

"We have lost a cent at it in thirty-one years," was the reply.

President Frelighsuen, in answer to questions said that the only money contributed to the campaign was \$10,000, or defeating legislation was \$10,000.

This expenditure covered a period of ten years, and the money had been used in probably ten States to combat fees and what he called "expenses of corruption appearing before legislative bodies."

The witness said that his company had never contributed a cent to campaigns, and that he had taken stocks as collateral for loans when there was a handsome margin. He said that about \$100,000 was used annually in that way in preference to banking it because the income was greater.

"Do you consider that as safe, as banking it?" asked Mr. Corbin, chief counsel for the company.

"We have lost a cent at it in thirty-one years," was the reply.

"Cap, how deep is the water, and what does the bottom look like out here?"

"It is those foolish askings that you hear always when you are in command of a vessel. Often has this idea come to me—the ocean is a place to which a person goes when he wants to stop thinking."
